

Bryan Minus & The Disconnect

Empty Skies

Empty Skies:

Bryan Minus & The Disconnect are excited to announce the release of their debut full-length album Empty Skies. Recorded in April of 2011 Empty Skies is 80's goth and post-punk, 90's alternative, and recent synth-pop and experimental music juxtaposed into one. Since their formation in February of 2010 a steady stream of drummers have been in the band. As the drummers came and went the band took it as an opportunity to try out different songs and sounds. Realizing they like the sound of their drum machine better than live drums the band took on what they were striving for all along, a cyborg entity, a mix of analog and digital.

Empty Skies was recorded mixed and produced by Bryan Minus; mastering was done at Telegraph Mastering by Adam Gonsalves.
